The Company / group has obligations towards borrowings including settlement plan and further obligations pertaining to operations including unpaid creditors and statutory dues as at June 30, 2024. These indicate the existence of a material uncertainty that may cast significant doubt on the Company's/ the Group's ability to continue as going concern. The Company's/Group's ability to continue as going concern is dependent upon many factors including continued support from the operational creditors.

In the opinion of the management, they are confident of revival of the company in foreseeable future. 9. Two of the subsidiaries have not been able to generate sufficient cash flows to service the loan repayments/interest payments which resulted in its borrowings from Secured lenders becoming "Non-Performing Assets" (NPAs). The said subsidiary companies have not provided for additional and penal interest till June 30, 2024, and the same could not be quantified as on date.
